§ 805.5 Typical classes of action.

(a) Section 1507.3(c)(2) (40 CFR 1507.3(c)(2)) in conjunction with §1508.4 requires agencies to establish three typical classes of action for similar treatment under NEPA: actions normally requiring EIS; actions normally requiring assessments but not necessarily EISs; and actions normally not requiring assessments or EISs. Each of the covered categories of Council actions generally falls within the second category, normally requiring an assessment but not necessarily an EIS.

(b) The Council shall independently determine whether an EIS or an environmental assessment is required where:

(1) A proposal for Council action is not covered by one of the typical classes of action above; or

(2) For actions which are covered, the presence of extraordinary circumstances indicates that some other level of environmental review may be appropriate.

§ 805.6 Interagency cooperation.

The Council shall consult with appropriate Federal and non-Federal agencies and with interested private persons and organizations when it is con-

sidering actions involving such parties and requiring environmental assessments. Where other Federal agencies are involved in the proposed action, the Council shall cooperate in the required environmental assessment and the preparation of necessary environmental documents. Where appropriate as determined by the nature and extent of Council involvement in the proposed action, the Council shall assume the status of lead agency.
